QUARTZ WATCHES

We offer two types of quartz watch, at the heart of both a small crystal vibrates at a steady frequency and is responsible for high precision.

ANALOGUE watches possess conventional dials, the hands being driven by a small motor governed by the vibrations of the crystal.

LCD watches have a **continuous** Liquid Crystal Display, showing the time in figures. Varying features on individual watches allow additional information to be given, at the touch of a button. Full instructions with each watch. For an easy guide to the main features of our LCD watches look at the symbols beside each watch and refer to the key.

SUNLAMPS AND SOLARIUM

Natural sunlight emits ultra-violet and infra-red rays which are reproduced in sunlamps.

Ultra-Violet Radiation

UVA-(Direct tanning). Tanning is caused by oxidation of pigment already in the skin. Your skin does not turn red but takes longer to tan than by UVB.

UVB-(Indirect tanning). UVB produces a tan by creating new pigment in the skin. There is slight reddening of the skin which disappears and a tan remains. This method provides protection against strong sunlight and is faster than UVA.

Infra-Red Radiation

(IR). Infra-red rays penetrate the skin and relax aching muscles and other conditions.

No Hidden Extras

Argos prices already include VAT so there are no 'Hidden' extra costs to pay. Because our prices are low you pay less VAT.

Our trading policy is to provide you with big savings on everything we sell, but in the event of changes in the rate of VAT, or for any other reason beyond our control, we may have to make adjustments, so please check the Master Catalogue, in your Argos Showroom.

Origin Marking

All items illustrated in this catalogue which are covered by the Trade Descriptions (Origin Marking) (Miscellaneous Goods) Order 1981 will be marked with or accompanied by an indication of country of origin.

Our Pricing Policy

The Argos prices shown in this catalogue are generally compared with Recommended Retail Prices provided by our suppliers.

Where Recommended Retail Prices are not available at the time of going to press, they have, where possible, provided Suggested Retail Prices.

All sizes, weights and capacities are approximate. It is possible that descriptions may have changed if the supplier, for instance, has altered his specifications or that there has been a change of the supplier after the Catalogue has gone to press.

This catalogue, effective from 8th August 1983, supersedes all previous catalogues or brochures and remains in effect until further notice.

Prices stated in the catalogue were established during June 1983. Information is compiled with all possible care, but the publishers do not hold themselves responsible for errors or omissions.

Gift Vouchers as Incentives

As well as being ideal as presents for all occasions, Argos Gift Vouchers make attractive prizes for staff incentives and safety schemes.

They have the advantage of simplicity and acceptability – plus a ready made catalogue of high quality, with famous-name products at discount prices. They can be used at any one of the Argos Showrooms throughout the country. In addition to the £1, £2, £5 and £10 vouchers sold in our Showrooms we can supply you with £25 denominations and you may qualify for a cash rebate on bulk orders.

If you are planning an incentive scheme our Incentive Sales Department will be happy to discuss your requirements – just ring 01-951 1363.
